AuditCert INTERNATIONAL

ISO 9001:2015

ISO 9001 STEPS FOR PLANT

Simple guide for manufacturers in Bangladesh

SWIPE TO READ

UNDERSTAND CONTEXT

Analyse internal and external issues and stakeholder expectations

LEADERSHIP COMMITMENT

Top management defines quality policy and assigns responsibilities

PLAN THE QMS

Set quality objectives, assess risks and plan changes

PROVIDE RESOURCES

Ensure competent staff, infrastructure and documented information

CONTROL OPERATIONS

Plan production, manage suppliers and control non-conforming output

PERFORMANCE EVALUATION

Monitor, audit internally and review management performance

CONTINUOUS IMPROVEMENT

Address nonconformities and pursue continual improvement

A structured approach covering context, leadership, planning, support, operation, evaluation and improvement leads to successful certification.
